

Multi-Engine Aircraft Rating

Course Description

A multi-engine rating allows the holder to fly a multi-engine aircraft in VFR conditions (Visual Flight Rules).

This course will serve as a gateway into flying high performance aircraft, with a focus on aircraft handling and emergencies.

The Ottawa Flying Club is proud to partner with Premier Aviation Training to provide this course. Premier Aviation utilizes a wealth of knowledge from current and former airline pilots.

Course Prerequisites

- Transport Canada Private Pilot License
- Category 1 or 3 Medical
